### SHERIFF GUARDING MISSION

Armed Officers Are Protecting  
"Gift-of-Tongues" Church  
Against Mob.

### CHURCH OFFICIALS ARE IN HIDING

Guards Are Watching All Roads  
Leading to the Mission—  
Quiet at Midnight.

ALLIANCE, O., Dec. 17.—Sheriff Wilson and deputies and the Alliance police force have been guarding the "Gift-of-Tongues" Missionary Home and the streets leading to it in expectation of a mob made up of Cleveland and Canton persons appearing to do personal violence to Rev. Levy R. Lupton.

The cause for activity on the part of the authorities was a telegram signed by County Prosecutor Kline of Cleveland, warning Mayor Spiedel that he had information that a mob had planned to mob the Lupton and the mission buildings tonight. Lupton, when informed of the telegram, hastily departed and is reported in hiding. Up to midnight all was quiet, with no signs of trouble. Authorities are watching all suburban cars. Reports of conditions alleged to exist in the home are said to have angered residents of Cleveland and Canton.

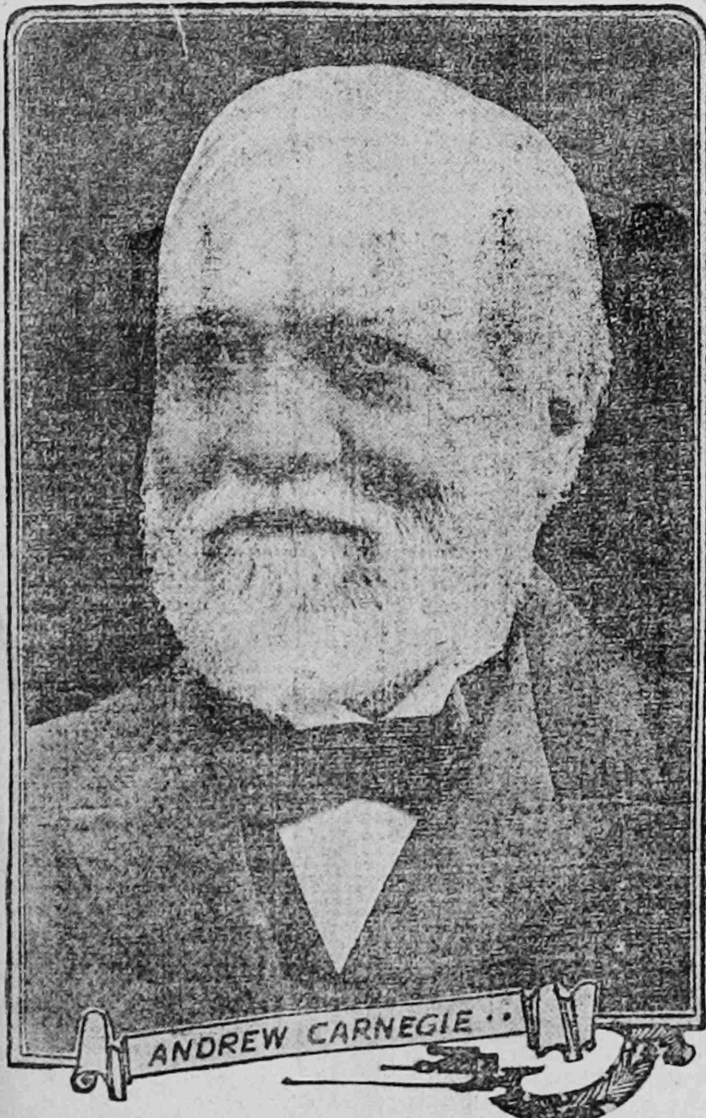

### DEATHBLOW TO THE "TIPSTERS"

Government Will Get After the  
"Touts" on Horse Races—War  
on Tip Agencies.

WASHINGTON, Dec. 17.—Horse-race and market tipsters and others who propose to have "exclusive inside information" of "sure winners" at the races and of what may happen in the stock market, may soon find the department of justice calling upon them to show that their business is legitimate.

It is the department's intention to rid the United States mails of all frauds. Complaints have been made to the bureau of investigation against some of the Wall street tip agencies, and a partial investigation is afoot to determine if there is any evidence of wrong-doing.

### ENGINEERS AGREE TO MEDIATION

Commissioner Neill Meets With  
Representatives of 61 Railroads  
and the B. of L. E.

### PROCEEDINGS WILL BE UNDER ERDMAN ACT

Controversy May Go to Arbitration—Engineers Uphold Demand for Increase.

CHICAGO, Dec. 17.—Labor Commissioner Charles P. Neill today began his effort to avert a strike of the engineers on sixty-one western railroads. He was called to Chicago by officials of the roads to use his influence under the Erdman act, with approximately 34,000 engineers, who voted to uphold their demand for a wage increase.

Mr. Neill spent the morning in a secret conference with the railroad management committee. This afternoon he conferred with the engineers. The conference will be held daily until a basis of negotiations is agreed upon, after which a joint conference will be held, preparatory to opening arbitration proceedings.

### WEALTHY FARMER IS KILLED BY UNKNOWN

Sheriff's Posse Searching for the  
Assassin Who Shot  
Down Stockman.

GUTHRIE, Okla., Dec. 17.—Andrew Russell, a wealthy stock-raiser and farmer, residing two miles south of this city, was shot and killed at his home tonight by an unknown assassin. A sheriff's posse is searching for the assassin.

Russell was called into the yard a few moments later the family was startled by four shots. They rushed to the doors to be met by the father, who staggered into the room and fell dead. Members of the family heard the murderer flee away on horseback.

### COLORED MAN IS NAMED FOR HONOLULU.

WASHINGTON, Dec. 17.—President Taft sent to the senate today the nomination of Charles A. Cotterill, of Toledo, to be collector of internal revenue at Honolulu.

Cotterill is a negro. Protest from Honolulu that a resident of that city should be appointed was unheeded.

### GOVERNMENT ATTORNEY EXPECTS TO NOT ONLY BREAK SUGAR TRUST, BUT SEND OFFICERS TO PRISON

WASHINGTON, Dec. 17.—The prosecution of Washington B. Thomas, president of the American Sugar Refining company; John E. Parsons, former chief counsel of the sugar trust, and other directors has been made certain by the decision of the United States supreme court through Justice Holmes sustaining the indictments of Gustave E. Russell and Thomas B. Harned, growing out of the Pennsylvania Sugar refinery case. The highest tribunal reverses the decision of United States Judge Holt, who sustained a plea, in bar to the indictment, that a conspiracy under the Sherman anti-trust law is not continuous and that the statute of limitations had intervened. United States Attorney Wise will prepare to try the "men higher up" in the sugar trust. Attorney General Wickersham is much elated over the decision. He will not prosecute Russell and Harned, who were indicted for participating in the wrecking of the Pennsylvania Sugar Refining company with directors of the sugar trust. All officials of the sugar trust, according to a government official, will be brought to the bar. Those who have not been indicted will have to show good cause why they should not now be indicted. Thomas, Parsons, Arthur Donner and others who were indicted on the same conspiracy charge as Russell and Harned pleaded not guilty, but did not plead the statute of limitations. The Russell and Harned cases were in the nature of a test, upon which the others rested.

## COMMITTEE CLEARS LORIMER OF CHARGES

WASHINGTON, Dec. 17.—Senator Lorimer of Illinois was given a clean bill of health today by the subcommittee of the senate committee on elections, which investigated charges of bribery in connection with his election. The report of the investigation was made to the full committee on privileges and elections, which then adjourned until Tuesday to give the members an opportunity to study the evidence and the subcommittee's report.

Evidence that there was money passed between certain members of the Illinois legislature was not ignored by the subcommittee, but it was declared that if the votes of the members charged either with receiving or paying money had been eliminated, Mr. Lorimer would still have a majority of three votes. The subcommittee was a unit in asserting that the evidence did not show Mr. Lorimer had been connected with the alleged distribution of a "jack-pot" or any money to influence the legislature in the preferment of

himself for the senatorship. There were rumors in circulation about the capital today that two or three members of the committee on privileges and elections would file statements of their views, indicating their belief that it had been shown that money had been passed between certain members of the legislature, it was the understanding, however, that these statements would not in any sense in the form of minority reports, and that they would not in any manner, however indirect, reflect upon the junior Illinois senator.

### DARING HOLD UP OF TENDERLOIN GAMBLING DEN

NEW YORK, Dec. 17.—Seven men walked into a tenderloin gambling club early this morning, held up the twenty-five inmates and robbed them of their valuables. The exact amount of the haul is not known.

The raid evidently was carefully planned, for it was executed with precision. The leaders brushed past the lookout at the door, shouted "Hands up," and then fired a dozen shots over the heads of the men in the room to frighten them. One man dived and jumped from a second story window. He was found later lying on the pavement with a broken arm. Some shots were returned and in the exchange one man was wounded by a stray bullet.

There was blood on the floor when the police entered, but the rooms were empty. The injured man on the pavement said the whole affair was over in a twinkling. The robbers fled down the stairs to the street, and the club members, who did not court the acquaintance of the police, followed swiftly. No arrests were made and the identity of the wounded man is unknown.

### CAVALRY HORSES FORD RIO GRANDE DURING BATTLE

EAGLE PASS, Texas, Dec. 17.—The engagement at Ojibaga above Presidio between Mexican troops and insurgents reported last night is described by wire today as a draw. Nineteen Mexican government cavalry horses, with saddles and sabres and four pack mules that came to this side of the river during the fight are reported in possession of United States customs officers at Presidio.

### TRYING TO GET ENGINEERS.

EL PASO, Texas, Dec. 17.—Agents for the Mexican Northwestern railroad are in the city today trying to engage engineers and other trainmen to operate the trains. Owing to the threatening attitude of the insurgents all employees have refused to work, and the road is tied up.

### BOOM FOR TAWNEY.

WASHINGTON, Dec. 17.—A boom for Representative James A. Tawney, chairman of the house committee on appropriations, for the governorship of the isthmian canal zone, was started in the house today. Mr. Tawney was defeated for re-election.

### WOMEN SMOKE IN FASHIONABLE NEW YORK HOTEL

NEW YORK, Dec. 17.—One of the new fashionable hotels in New York under international management has lifted the ban and now permits women to smoke in any part of the house. A horrified guest reported to the manager today that several women were smoking in the palm room.

"Why not?" asked the manager. "There is no law against women smoking. Since coming to America I have been amazed at the way in which hotel managers here regard this habit, which is so common in all the hotels of England and the Continent. I thought this was a free country, but such discrimination is an outrage against women. I certainly should much prefer to see a woman smoking than drinking a cocktail."

### AVIATORS IN A RACE.

ATLANTA, Ga., Dec. 17.—A race between J. A. D. McCurdy, in his 60-horsepower aeroplane, and Jimmy Ward, in a 24-horsepower Baby Curtis, marked the close of the aviation meet here this afternoon. Ward won on every point, remaining in the air 36 minutes and 11 seconds.

### STEAMER IS TRYING FOR NEW RECORD

The Mauretania, After Being in  
New York Harbor 38 Hours,  
Departs for Liverpool.

### TO MAKE ROUND TRIP IN TWELVE DAYS

English Newspaperman Came  
Over to "Do" America Be-  
tween the Trips.

NEW YORK, Dec. 17.—Thirty-eight hours after she put in at her dock, the Mauretania departed at 6 o'clock tonight and it was hoped to make the round trip from Liverpool in 12 days and thus establish a new world's record. On board was W. P. Holt, British journalist, who came over to "do" America for the London Daily Mail in the thirty-eight hours between trips.

The Mauretania was ready to sail shortly after noon, although Captain Turner had expected to have his hands full in getting ready for the scheduled departure at 6 o'clock. The cargo, principally apples, was stored by awnings of longshoremen.

Rushed Cargo Aboard. The bunkers received their 6,200 tons of coal from a fleet of 36 barges. The ship's laundry, forty thousand pieces of linen, was rushed ashore the minute the Mauretania docked yesterday morning, and was back again and the refrigerators were stocked with provisions.

Three-quarters of an hour before sailing time the last of the thousands of Christmas mail sacks left the post office and were hurried to the pier. The 150 cabin passengers climbed aboard and the Mauretania backed into the river.

To Reach Queenstown Thursday. Captain Turner hoped to touch at Queenstown Thursday night. If he does, he will establish a world's record for the round trip.

Mr. Holt completed his continental assignment today with a round of sight-seeing in New York. He took in Grant's tomb, Fifth avenue, the department stores, and most of the other tourists' delights, with a brief interview with Governor-elect Dix for Christmas.

"Nice chap," he said, "fine chap. You fellows over here have your political people better trained than we do. They are really quite decent."

This fresh-faced, blue-eyed man, with crisp gray hair, met with one disappointment. He could not find a department store that checked babies for its customers while they shopped.

Scribe Explains Visit. "I want to see them check the babies," he insisted until it was explained to him that the practice had been discontinued because of complications which once followed an exchange of checks.

Just before he left, Mr. Holt explained the meaning of his visit.

"You Americans set up championships with conditions which you frame," he said. "You admire your aptness for doing things in a hurry, even when there is no reason for it."

"Perhaps the proprietor of my paper saw in this trip a chance to set it down on record that hustlers as the Americans are, they have no monopoly of the quality."

NAPLES, Dec. 17.—A landslide at Pisciotta, in the province of Salerno, today caused the death of four persons and the serious injury of several others. One house collapsed and nine were damaged.

### JURY FAILS TO AGREE ON VERDICT

Mrs. Daisy Turner Krauss May  
Escape a Second Trial on  
Serious Charge.

### WOMAN DID NOT DENY ATTEMPTED KILLING

Divorced Husband of the Accused  
Woman Testified in Her Be-  
half During Trial.

LOS ANGELES, Dec. 17.—The jury trying Mrs. Daisy Turner Krauss, the Memphis, Tenn., society woman, charged with assault with intent to kill Franklin H. Griffith, a realty broker, was discharged at 6 o'clock tonight, after reporting its inability to agree upon a verdict. The jury is said to have stood 9 to 3 for acquittal.

The jury had been out only since noon, but after questioning the jurors, Judge Willis, of the criminal department of the superior court, decided that the prospect of a verdict was hopeless and discharged the panel. It is not considered likely that the woman will be re-tried.

Mrs. Krauss shot Griffith several months ago, following a short acquaintance, during which Griffith had paid her and her former husband a visit at their home in Memphis. She entered no denial of her act, but declared that the wife of the man, coupled with his alleged betrayal of her, drove her mad and that she was mentally irresponsible when she forced her way into his office one day last summer and fired a shot which slightly wounded him.

Dr. William Krauss, dean of the Medical college of the University of Mississippi, who divorced the woman on account of her association with Griffith, testified in her behalf, saying that she was mentally deficient and about as responsible as a child.

### SLOW PROGRESS MADE IN HOUSE

Macon of Arkansas Against All  
Increases of Salary in Legis-  
lative and Executive Bill.

WASHINGTON, Dec. 17.—Because Representative Macon, of Arkansas, made a point of order today against practically every increase of salary, no matter how small, provided for in the legislative, executive and judicial bill, slow progress was made in the house, where the bill was under discussion almost the entire day.

Efforts were made to dislodge Mr. Macon from his attitude, but without result.

The various savings brought about by Mr. Macon's objections amounted to a few thousand dollars as compared with more than \$35,000,000 carried in the bill.

### EL PASO'S FIRST FOG.

EL PASO, Texas, Dec. 17.—Fog, a phenomenon rarely witnessed here, enveloped the city this morning with such density as to obscure objects across the street. No similar visitation has occurred for several years.

### EMMA EAMES AND EMILIO GOGORZA ENGAGEMENT ANNOUNCED

PARIS, Dec. 17.—The reported engagement of Emma Eames and Emilio Gogorza, the baritone, who lived many years in New York, but who is now a naturalized Frenchman, is causing much talk in artistic circles here. In the spring of 1909 Emilio Gogorza's wife, Elsa, sued for a separation from her husband. Emma Eames was referred to in the suit as "a prominent opera singer," with whom Gogorza is now on a tour for whom the baritone had conceived a "mad infatuation." Later Mrs. Gogorza sued Mrs. Eames for \$50,000 for alienation of her husband's affections. She made no allegation of improper conduct against the two singers, intimating that it was an artistic attachment solely. Mrs. Eames did not comment on the suit for publication. Nothing has been heard of the suits since Emma Eames and Julian Story were divorced in the spring of 1907. Story is married again.
